GLUE PROMOTER

DESCRIPTION: A blended lightweight extender for Norglass epoxies.

USES: To provide a thixotropic glue

SIZES: 240g, 60g

PROPERTIES (at 20°C)

COLOUR: White

TOXICITY: Non-hazardous substance

FINISH: N/A

COVERAGE: Varies according to epoxy resin mix. Glue consistency.

DRYING TIME: N/A

RECOATING: N/A

POT LIFE: N/A

MIXING RATIO: 3:1 by volume. Add 60g to 750mls of Norsystem resin base, then add 250mls of fast or slow hardener.

THINNING: N/A

WEIGHT/LITRE: 60g

VOLUME SOLIDS: N/A

FLASH POINT:	N/A
CLEAN UP:	Norglass EPOXY THINNER
U.N. NUMBER:	N/A
TRANSPORTATION:	Non-hazardous.
PREPARATION:	Pour 750mls NORSYSTEM EPOXY RESIN BASE into a plastic pail and add in 60g of GLUE PROMOTER. NOTE: Integration of the NORSYSTEM GLUE PROMOTER and the RESIN BASE should be carried out with a variable speed portable drill and a paint stirrer blade, until both components are thoroughly blended before adding the SLOW or FAST HARDENER. Stir in the HARDENER until thorough blending is achieved. Then spread bulk mass onto a large palette and apply to the prepared surface.
APPLICATION:	Apply finished product by trowel or flat bladed knife.
PRECAUTIONS:	Wear gloves, goggles and mask when incorporating. Keep in a dry place. Keep out of reach of children.
SPECIAL INSTRUCTIONS:	DO NOT vary the ratio of Norsystem Base to Norsystem Slow or Fast Hardeners. The ratio must always be 3:1 by volume.
FIRST AID:	If in Eyes rinse cautiously with water for several minutes. If eye irritation persists get medical advice. If on Skin Wash with plenty of soap and water. If skin irritation occurs get medical advice/attention. If Swallowed rinse mouth. Never give anything to the mouth of an unconscious person. If vomiting occurs, place victim face downwards, with the head turned to the side and lower than the hips to prevent vomit entering the lungs.
