TOXICITY:	See Precautions and refer to Safety Data Sheet
FINISH:	N/A
COVERAGE:	Varies, but no more than 25ml should be used with 750ml of liquid glass.
DRYING TIME:	See Liquid Glass product data sheet
RECOATING:	N/A
POT LIFE:	N/A
MIXING RATIO:	No more than 25ml to be added to 750ml of Liquid glass
THINNING:	N/A
WEIGHT/LITRE:	0.800
VOLUME SOLIDS:	N/A
FLASH POINT:	23-27°C
CLEAN UP:	NORCLEAN-PLUS

U.N. NUMBER:	1307
TRANSPORTATION:	DG Class: 3 HAZCHEM: 3Y P.G. III
PREPARATION:	Take off twist cap and carefully remove shipping seal. Replace twist cap lid. Shake bottle well before every use.
APPLICATION:	Pour a measured amount of liquid glass base into a clean, clear glass container. Slowly add the amount of colourant required. <i>Note: No more than 25ml of colourant should be added to 750ml of Liquid Glass.</i> Amount required depends on the shade you are after. Please note: adding the clear hardener reduces the colour intensity. Stir slowly but thoroughly. Now add the required hardener and again stir through thoroughly. The curing time will be extended by approx 10 minutes by adding the colourant. Colourants can be intermixed to produce your own custom colours. It is recommended you experiment with a small sample batch first to confirm your desired colour. Keep notes on your mixes in case you need to replicate the colour at a later date.
PRECAUTIONS:	Wear protective clothing, gloves and goggles. Read carefully and follow all instructions. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take action to prevent static discharge. Use non sparking tools. Use non-sparking tools. Do not breathe fumes, mist, vapours or spray. Wash hands thoroughly after handling. Use only outdoors or in a well-ventilated area. Stay upwind. Store locked up, in a well-ventilated place. Keep cool. Keep out of reach of children
SPECIAL INSTRUCTIONS:	N/A
FIRST AID:	If poisoning occurs call a doctor or Poisons Information Centre (Aust) on 131126 or (NZ) 0800 764 766 and have label information ready. If in Eyes rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice. If on Skin wash with plenty of soap and water. Take off contaminated clothing and wash before re-use. If skin irritation occurs get medical advice/attention. If Swallowed rinse mouth. DO NOT induce vomiting. Give a glass of water. Never give anything to the mouth of an unconscious person. If vomiting occurs, place victim face downwards, with the head turned to the side and lower than the hips to prevent vomit entering the lungs. If Inhaled remove person to fresh air. Remove contaminated clothing and loosen remaining clothing. Allow person to assume most comfortable position and keep warm. Keep at rest until fully recovered. Get medical advice if breathing becomes difficult.
